SUMMARY

Graduate student in **Systems Engineering** focused on **mobile development** with **Flutter**. Also, with some interest in **native development** with **Swift**. Currently finishing a **diploma** at night to fulfill the remaining **requirements** for graduation while working on solutions for a **mobile** and **web application** in a small company. Open to new **opportunities** that allow me to continue **growing** and contribute with my **experience** in **innovative projects**.

SKILLS

Communication & Interpersonal	Programming	Additional Tools
Effective Communication (EN & ES) Crisis Management - Punctuality Teamwork – Problem Solver	Flutter, Dart, Swift, JavaScript, PHP, HTML/CSS, Laravel, SQL.	Git & GitHub, Microsoft Office, Postman, Enterprise Architect, Trello, Linux SO

EXPERIENCE

Presto Latam | Mobile Developer

Remote | **08.2024 – 11.2024**

- Participated in the development of a financial app with **Flutter** using **BLoc**, optimizing **onboarding** processes and collaborating in Scrum with daily meetings and backlog management.
- Implemented tasks via **pull requests** under the **Gitflow** workflow, ensuring integration into the **develop** branch and delivering quality releases for **Android** and **iOS**.
- Managed updates in **testing** and **production** environments, distributing versions through **Firebase App Distribution**, **TestFlight**, **Google Play Console**, and **App Store**.
- Collaborated in implementing a **DevOps CI/CD** workflow to automate application deployment from the **develop** branch to development environments using **GitHub Actions**.

GetServer SRL | Web & Mobile Developer

Santa Cruz, Bolivia | **01.2024 – 08.2024**

- Contributed to **Laravel web** and **Flutter mobile** development with **Provider**, focusing on **sales management**, Instagram **photo customization**, and **payment gateway** integration.
- Provided support for projects in **academic** and **package management** areas, optimizing inefficient operational processes.
- Fulfilled responsibilities **punctually** and committedly, ensuring compliance with **deadlines** and **deliverables**.

Banco Económico | System Analyst

Santa Cruz, Bolivia | **06.2022 – 01.2024**

- Trained to provide support for a **web claims system** based on **Java**, provided by an external vendor.
- Collaborated in implementing **solutions**, working closely with the **functional area**.
- Performed **maintenance** tasks for the system provided by the vendor.

EDUCATION

Gabriel Rene Moreno University | Systems Engineering

Santa Cruz, Bolivia | **03.2018 – 12.2023**

- Awarded First Place in the Software Development Area at the Faculty Science Fair.

UAGRM School of Engineering | Diploma in DevOps Essentials.

Santa Cruz, Bolivia | **06.2024 – 11.2024**

- Diploma in DevOps Essentials, covering key concepts such as automation, CI/CD, IaC, and containers, improving collaboration and efficiency between development and operations.
